

Drink Craft Coffee. Do Good.

Wild Coffee in Silt handcrafted an organic single origin coffee from Peru specially for our club fundraiser. You will be enjoying a coffee with notes of dark chocolate, banana nut bread, brown sugar and baking spices. It's delicious on it's own and works great with cream and sugar.

Buy one or more of these 12 oz. bags and support students from Garfield RE2 on Colorado's slopes this winter. Coffee checks and cash go directly to Wild Coffee Roasters. **For every \$20 bag, we get \$10.**

Donate directly to our club

Don't care for coffee? Or do you want to help our club even more? Donate directly to Flowstate.

We have served over 250 students in our district so far. We have offered free lessons, rentals, and free tickets at Buttermilk and Snowmass with the help of our partners. We know this sport can be very costly and we want all kids shredding in the snow, regardless of their socio-economic status. **Checks should be written to "Flowstate Ski Club".**

Why I want a pass this season

Flowstate offers us the opportunity to ski for free at the Aspen resorts for 2 Fridays. I know that if I want to be good at this sport, I need to hit the local slopes every weekend. I am grateful that Flowstate has created this incentive for me to get a pass and help the club. My goal is to raise \$200 in profit. When I achieve this goal, Flowstate will cover all the other logistical costs and I will get to enjoy a healthy life style, learn responsibility, build new skills and confidence, and make great decisions in life.
